Korean Traditional Wrapping Bag with modern techniques

All firings : follow the instructions of the product you use

The wrapping bag:

- Paint the flowers and leaves with colors.

- The tree trunks : Apply chipping off powder, after firing, paint with Bright Platinum
- The background: Mix black (7 parts), violet (Andreas Knobl's No. 35) (3 parts), and a little matt agent to create matt black.

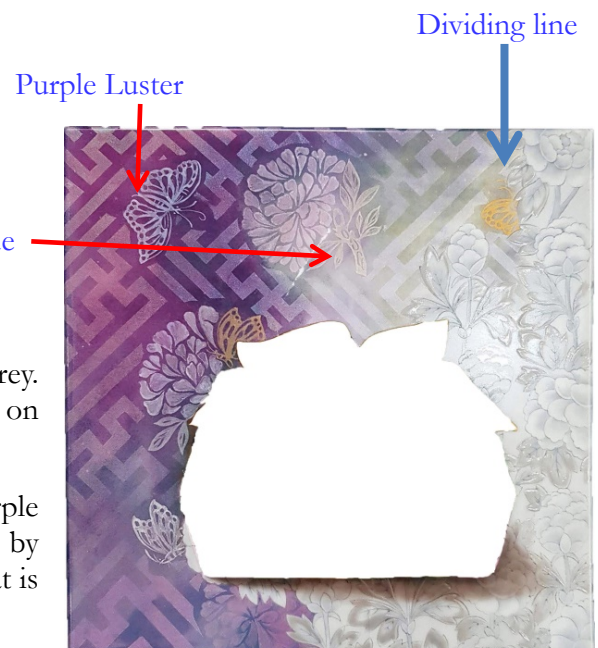

- Paint the big ribbon with i-relief, after firing, apply 35% matt gold.

The Background

The right side:

- Design background patterns on paper. Trace the flowers and leaves on the right border on to the tile. Make penwork outlines to the flowers and leaves with Grey. Fire.

- Paint the flowers, leaves and a border in Light Grey. Note the dividing line between the Light Grey area on the right and Purple Luster area on the left. Fire.
- Mask the Wrapping Bag with Red Resist, apply Purple luster, Mother of Pearl (MOP), a little Yellow Blue by dabbing smoothly to the parts of the background that is not painted Light Grey. Fire.

The left side

➤ Use brush and Iridescent colors of Green, Silver and Blue, paint the butterflies and flowers. Fire.

The right side

- Paint the flower petals and leaves with Grey.
- Paint a thick border to the leaves with i-relief mixed with Metallic Silver and MX54.
- Paint the butterfly on the right top part with Metallic Gold.

The Lines patterns

- Design pattern on paper. Mask a thin plastic sheet on the tile. Trace the lines pattern on top of the plastic sheet with tracing paper. Use ruler to draw straight lines.
- Use cutter, cut and remove the lines pattern. Apply Iridescent Green, Silver and Blue to the lines pattern on porcelain. Remove the plastic sheet. Fire.
- Use sponge, dab Metallic Silver at the areas where the Luster and Light Grey meet at the top to merge the two parts.
- Paint the shadow at the base of the bag with black. Use sponge to create gradation, from dark to light shadow. Fire.

Apply the above method to this artwork.

- ❖ The flower: Paint with i-Relief then Bright Platinum.
- ❖ The Leaves: Paint with green color, then use cling wrap to make patterns with Yellow Gold i-Relief.
- ❖ The petals at the left bottom corner: Apply i-Relief then Silver.
